Ph.no:8500722284 | gmail:[hemanthboligarla@gmail.com](mailto:hemanthboligarla@gmail.com) | Nellore-524314 | linked in: [hemanth-boligarla-40a574268](https://www.linkedin.com/in/hemanth-boligarla-40a574268)

## OBJECTIVE

---

Software Engineer and Computer Science graduate with hands-on experience in developing AI-powered web applications using Python, Flask, MySQL, and NLP techniques. Built an AI Interview Bot featuring dynamic interview interactions and resume analysis capabilities. Skilled in backend development, database management, and AI-assisted software development. Passionate about building real-world products and continuously learning modern AI technologies and development workflows.

## EDUCATION

---

**B tech**, Sree Venkateswara College of Engineering, Nellore District, AP. **2021-2025**  
Course work: Computer Science Engineering

**Intermediate Education**, Sri Chaitanya Junior College, Nellore District, AP. **2019-2021**  
Course work: MPC

**Secondary education**, New Vidya Bharathi E.M High School, Nellore District, AP. **2018-2019**  
10<sup>th</sup> standard

## SKILLS

---

|                             |                                                            |
|-----------------------------|------------------------------------------------------------|
| <b>Programming skills</b>   | Python, JavaScript(basics)                                 |
| <b>Frontend skills</b>      | Html, CSS.                                                 |
| <b>Backend skills</b>       | Django, Flask, MySQL.                                      |
| <b>Tools &amp; Software</b> | VS Code, PyCharm, Git, GitHub.                             |
| <b>Soft skills</b>          | Adaptability, Fast Learner, Self-Motivated, Good Listener. |
| <b>Languages Known</b>      | Telugu, English.                                           |

## PROJECTS

---

### AI-Interview Bot:

- Built a text-based AI Interview Bot using python and flask that conducts mock interviews with predefined trained questions and evaluates user responses.
- Integrated a Resume Scoring module that analyzes uploaded resumes and assigns a score based on relevance using basic NLP techniques.

## WORKSHOP

---

- DevOps with AWS Cloud – Two-day workshop at Sree Venkateswara College of Engineering, Nellore, Andhra Pradesh

## CERTIFICATIONS

---

- Python Programming certified in Infosys springboard.
- Participation certificate on “DEBUGGING” in NEXUSVERSE 2024 organized by IEEE-SB-NBKRIIST.
- Participation certificate on “CODE DEBUGGING” in AGUILA 2024 organized by S.V Group of Institutions.

## ACTIVITIES

---

- Volunteered in CYNOSURE ( Paper Presentation Event ) during college technical fest.
- Participated in multiple coding and debugging competitions to enhance problem-solving skills
